SUM OF ENTERPRISE IMPROVEMENTS REPORT

SCORE Viet Nam

1. The displayed values below show aggregate improvements in the enterprises per country. The module-related indicators count the number of changes from "false" to "true" in areas related to the content of the module:

Progress against Module ContentAggregate PerformanceIn place between FerformanceIn place between FerformanceNr. of Total Enterprises trained82-Nr. of Enterprises for which data is available69-Job creation in enterprises trained1595-Job losses in enterprises trained2-Increase in temporary/contract workers2-Decrease in temporary/contract workers396-Module 1Existence of daily w-m meetings435Women & men in EIT*680Existence of ESS301Application of 5s5215Cost savings due to SCORE training63-Module 2Existence of Quality Policy1910Systematic analysis of defect causes271Quality info shared with employees293Reductions in defects31-Module 3Reduction of materials usage3-Reduction of waste produced6-Existence of machine maintenance system35Reduction of energy consumption7-Module 4Existence of Job Descriptions26Increases in wages21-Reduction in labour turnover30-Module 5Existence of W-m OSH Committee02Existence of OSH Policy04Reduc

Reduction of materials usage 3 - Reduction of waste produced 6 - Existence of machine maintenance system 3 5 Reduction of energy consumption 7 - Module 4 - - Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Reductions in defects	31	-
Reduction of waste produced 6 - Existence of machine maintenance system 3 5 Reduction of energy consumption 7 - Module 4 - - Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Module 3	-	-
Existence of machine maintenance system 3 5 Reduction of energy consumption 7 - Module 4 - - Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Reduction of materials usage	3	-
Reduction of energy consumption 7 - Module 4 - - Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Reduction of waste produced	6	-
Module 4 - - Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Existence of machine maintenance system	3	5
Existence of HR Policy 3 1 Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Reduction of energy consumption	7	-
Existence of Job Descriptions 2 6 Increases in wages 21 - Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Module 4	-	-
Increases in wages	Existence of HR Policy	3	1
Reduction in labour turnover 30 - Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Existence of Job Descriptions	2	6
Module 5 - - Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Increases in wages	21	-
Existence of w-m OSH Committee 0 2 Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Reduction in labour turnover	30	-
Existence of OSH Policy 0 4 Reduction in worker complaints 0 - Reduction of accidents 5 -	Module 5	-	-
Reduction in worker complaints 0 - Reduction of accidents 5 -	Existence of w-m OSH Committee	0	2
Reduction of accidents 5 -	Existence of OSH Policy	0	4
	Reduction in worker complaints	0	-
Reduction of absenteeism 23 -	Reduction of accidents	5	-
	Reduction of absenteeism	23	-

2. The displayed values below show average changes in Key Performance Indicators in the enterprises per country :

Key Performance Indicators	Average Performance
Average nr. of EIT meetings per month per enterprise	3
Average total nr. of EIP projects completed per enterprise	24
Average total nr. of gender-sensitive practices per enterprise	7
Average nr. of employee suggestions received per month per enterprise	5
Average % change in nr. of grievances received per enterprise	-54
Average % change in defect rate per enterprise	-28
Average % change in energy usage per production unit per enterprise	3
Average % change in absenteeism per enterprise	17

Average % change in labour turnover per enterprise	-24	
Average % change in nr. of accidents logged per ente	erprise -83	
Average % change in average wage per employee p	er enterprise 6	
Estimated average cost-savings (in Natl. Curr.) due to	SCORE training per enterprise 3366
