Electronics	Global Dialogue Forum on Decent Work in the Management of Electrical and Electronic Waste (e-waste), 9-11 April 2019	<p>Points of Consensus</p> <p>Paragraph 17: The Office should undertake evidence-based research on decent work in the management of e-waste. This research is to inform possible future action of the ILO, including the possibility of convening a meeting to be decided by the Governing Body to develop guidelines or a code of practice to advance decent and sustainable work in the management of e-waste.</p>
Health	Tripartite Meeting on Improving Employment and Working Conditions in Health Services, 24-28 April 2017	<p>Conclusions</p> <p>Paragraph 15: (b) undertake a comprehensive study on member States' national laws and practices and assess if existing ILO programmes, activities and instruments and those from the WHO provide a sufficient framework for ILO constituents to promote decent work for all health workers and what additional guidance is needed, with particular attention to home care and community-based health workers. The study could be the basis for discussion for an ILO Tripartite Experts Meeting.</p>
Education	Global Dialogue Forum on Employment Terms and Conditions in Tertiary Education, 18-20 September 2018	<p>Points of Consensus</p> <p>Paragraph 8: (b) undertake and disseminate research on terms and conditions of employment of education support personnel; obstacles to, and good practices in, achieving gender equity in tertiary education; as well as policies and practices in the use of contingent fixed-term employment in tertiary education, which recognize the need for both flexibility and decent work. The research is to inform possible future action, which could include a tripartite meeting.</p>

¹ As per usual practice, resources will be kept in reserve to allow for one additional meeting per biennium on an emerging sectoral issue of interest to constituents that requires a lighter than usual preparatory stage.
