

## Doc 2.2. Sample stakeholder identification table

Name of organization	Contact person and address	Type of org: Beneficiary/ deliverer/ influencer	Interest and source	Target marker	Awareness/ Information activities	Follow-up
<i>Name of an organization, group, department etc.</i>	<i>Name, email, mobile #, physical address</i>	<i>Categorize. "deliverer" would be a potential delivery partner or government body responsible for some elements. Influencer would be community/ social organizations not formerly partnered but whose involvement is beneficial</i>	<i>Brief description of the entity's view of the issue (rural poverty, potential of the TREE approach) and how this information was obtained (should be interview/direct contact). This section should be updated over subsequent contacts.</i>	<i>To ensure that all potential stakeholders are identified and reached, categorize by targets such as "women", "workers", "government" etc. This enables quick review to check representation and weighting.</i>	<i>Record of outreach to/involvement in awareness raising and more in depth discussions. Should be updated over time.</i>	<i>Specific follow up issues, particularly for potential partners and those who could be involved in ongoing advisory and governance functions.</i>
