► Financial results for 2020-21

1. At its 108th Session (2019) the International Labour Conference approved an expenditure budget for the 2020-21 financial period amounting to US\$790,640,000 and an income budget for the same amount, which, at the budget rate of exchange for the period of CHF1.00 to the US dollar resulted in an income budget of CHF790,640,000.
2. Under the accrual accounting method and in accordance with the Financial Regulations:
 - (a) all contributions due in a financial period are recorded as income in that financial period;
 - (b) expenditure charged against the appropriations of a financial period consists of payments made in respect of goods and services delivered during the financial period and amounts due to be paid for such goods and services; and
 - (c) the net excess or shortfall of income over expenditure in any complete financial period is calculated by deducting budgetary expenditure from budgetary income with a provision being made for delays in the payment of contributions amounting to 100 per cent of the contributions unpaid at the end of the financial period.
3. Budgetary income and Swiss franc expenditure are both accounted for in US dollars at the budget rate of exchange approved with the budget. The US dollar budgetary income and expenditure figures reported herein accordingly result from the conversion of Swiss franc income and expenditure into US dollars at the 2020-21 budget rate of exchange of CHF1.00 to the US dollar.
4. Regular budget income and expenditure for 2020-21 are summarized in table 1 of Appendix I.¹ Total budgetary income for 2020-21 amounted to \$790,640,000. Expenditure under Parts I and IV of the budget during 2020-21 amounted to \$734,233,024 and \$15,526,594, respectively. Total expenditure for 2020-21 amounted to \$749,759,618. Table 2 of Appendix I compares 2020-21 expenditure by appropriation items with the approved budget. The excess of income over expenditure for the biennium 2020-21, at the budget rate of exchange, thus amounted to \$40,880,382. When revalued at the rate of exchange in effect at the close of the financial period (CHF0.915 to the US dollar), the excess of income over expenditure amounts to \$44,678,013.
5. In accordance with article 18(1) of the Financial Regulations, a provision for delays in the payment of contributions in the amount of 100 per cent of the outstanding contributions at 31 December 2021 has been made. Since the total contributions outstanding at 31 December 2021 amounted to CHF159,421,867 as compared with the total contributions outstanding at 31 December 2019 of CHF171,267,413, the provision required at 31 December 2021 was CHF11,845,546 (\$12,945,952 at 31 December 2021 rate of exchange) less than that which was required at 31 December 2019. Arrears of contributions received in 2020 were in the first instance used to reimburse the borrowings required to cover the shortfall of income for the 2018-19 biennium. This reimbursement amounted to CHF74,504,270 (\$81,425,432 at the 31 December 2021 rate of exchange). The net shortfall of income over expenditure for the

¹ Income and expenditure figures for 2020-21 are still subject to audit.

biennium 2020–21, after adjustments for the reimbursement and the provision for delays in the payment of contributions, is \$23,801,467 or CHF21,778,342.

6. In accordance with article 21 of the Financial Regulations, the Working Capital Fund was drawn upon to finance budgetary expenditure pending receipt of contributions. The balance of this Fund standing at CHF35,000,000 was, as a consequence, decreased to CHF13,221,658. In accordance with the same article the arrears of contributions received in 2022 have been used to reimburse fully the Working Capital Fund.

► Transfers between budget lines

7. As expenditure in respect of each item did not exceed the amount appropriated in the 2020–21 budget, no transfers between items were necessary.

► Working Capital fund and Income Adjustment Account

8. Analyses of the movements of the Working Capital Fund and the Income Adjustment Account, including the composition of miscellaneous income credited to the latter account, are provided in Appendix II.

► Position in relation to Member States' contributions and to article 13(4) of the Constitution

9. Details of the position at 31 December 2021 in regard to Member States' contributions are given in tables 1 and 2 of Appendix III. Table 2 shows that, on 31 December 2021, the arrears of contributions of Afghanistan, Chad, Comoros, Congo, Democratic Republic of the Congo, Dominica, Gambia, Guinea-Bissau, Libya, Palau, Papua New Guinea, Sao Tome and Principe, Solomon Islands, Tajikistan, Tuvalu, Venezuela (Bolivarian Republic of) and Yemen equalled or exceeded the amount of the contributions due from them for the past two full years (2019–20). Each of these Member States had therefore lost the right to vote in accordance with the provisions of paragraph 4 of article 13 of the Constitution of the Organisation.
10. Azerbaijan, Central African Republic, Iraq, Kyrgyzstan, Paraguay, Republic of Moldova, Sierra Leone, Somalia and Uzbekistan who had previously lost the right to vote have been permitted to vote in accordance with article 13(4) of the Constitution of the Organisation under financial arrangements approved by the International Labour Conference at its 95th (2006) Session for Azerbaijan, 97th (2008) for Central African Republic, 97th (2008) for Iraq, 106th (2017) for Kyrgyzstan, 93rd (2005) for Republic of Moldova, 102nd (2013) for Paraguay, 108th (2019) for Sierra Leone, 108th (2019) for Somalia, and 104th (2015) for Uzbekistan.

► Draft decision

11. The Governing Body took note of the information provided in document GB.344/PFA3 on the position of 2020-21 income and expenditure.

¹ US dollar income and expenditure figures result from the conversion of Swiss franc income and expenditure to US dollars at the budget rate of exchange (Biennia 2020-21: 1.00 Swiss Francs to the US Dollar, 2018-19: 0.970 Swiss Francs to the US dollar).
Revaluations as at 31 December 2021 use the UN year-end rate of 0.915 Swiss francs (CHF) to the US dollar.

² As adopted by the 108th International Labour Conference	790 640 000
<hr/>	

³ With the introduction of the accrual method of accounting, all contributions due in a financial period are recorded as income in the financial period and the excess or shortfall of income over expenditure in any complete financial period is calculated by deducting budgetary expenditure from budgetary income with a financial provision being made for delays in the payment of contributions. Such provision amounts to 100 per cent of the contributions unpaid at the end of the financial period (Article 18, paragraph 1). Contributions outstanding at 31 December 2021 amounted to 159,421,867 Swiss francs while at 31 December 2019 the amount outstanding was 171,267,413 Swiss francs. The provision for delays in the payment of contributions was thus decreased by 11,845,546 Swiss francs or \$12,945,952 at the December 2021 rate of exchange. Summary of contributions are provided in Table 1 of Appendix III.

⁴ Details of expenditure are provided in Table 2 of Appendix I.
